Other important points:

- Order our Smoothie and transparent cups and coloured straws at our web shop on the website.
- It is not necessary to wash the jars every time with water after blending. Blend from light to dark.
- Don't use the dishwasher, because it shortens the life of your jars.
- With FFE Smoothie Base fruit juice your fruit smoothies are 100% fruit and contain less calories. Also perfect as the base for our veggie smoothies.
- **It is very important that you don't freeze your fruit and veggie mixes colder than minus 18-20 degrees.**
- You can prepare your smoothie in advance, because our smoothies don't start separating for 4-6 hours in the fridge. Smoothies can be sold for 48 hours after preparation. You can prepare 60 smoothies in 15min.
- If you blend large quantities remove the frozen bags from the freezer at least 5 minutes in advance. Blend the fruit mixes with largest fruit chunks at the end (for example Mango-Banana).
- Don't add ice cubes with our smoothies and fruit milkshakes. With cocktails, you can add ice cubes.
- You can also use our fruit smoothies/cocktails as fruit shots with a High Tea, reception or like an amuse.
- De fruit milkshake is also used as dessert. (for example: raspberry-mango with chocolate ice-cream).
- It is also fun to offer different small 100 ml smoothies as Smoothie festival.
- Don't blend more than 3 fruit or veggie smoothies at the same time. Your jar will break!
- We advise you to use the IKEA Godis glass 40 cl (is 400 ml or 400 cc).
- **You can also prepare a Pina Colada milkshake with 3 litres of full cream long-life milk and 2 x 500g Pina Colada Instant mix in a Slush. 5 days shelf life. Slush machines are available at our website.**
