

# Power Up. Quiet Down.

More power and less noise is good for any smoothie business and Waring® Commercial Xtreme Blenders deliver both. Heavy-duty 3.5 HP motors and 45,000 RPMs provide awesome speed and performance and solid sound enclosures keep it quiet. The MX1500XTs come with a Drink Counter to track daily and total run counts and 4 reprogrammable beverage stations.

Power up, quiet down,  
and keep it easy,  
with Waring® Commercial  
Xtreme Blenders.
