

Viareggio®

Cool Cappuccino

Fast, Easy and Freshly blended

Ice Cold Coffee Sensation

Cool Cappuccino is already for years a success in many countries and coffee chains.

Viareggio is a very user-friendly concept, that allows you to respond to this growing need for cold coffee beverages. Prepare a tasty and iced coffee beverage in a professional blender with 50g or 3 coffee spoons of Viareggio Cool Cappuccino powder, 100ml of milk or water and 6 to 10 ice cubes in around 30 seconds.

For the real taste sensation replace 20ml of milk by 20ml of Baileys. The concept of Viareggio Cool Cappuccino has an exclusive appearance and enjoys the enormous reputation of Baileys.

Art.nr.	Product	Content each box
171246	Viareggio Cool Cappuccino powder	12 x 500g

Unique selling points of our Viareggio Cool Cappuccino concept are:

- Fast and easy to prepare
- Long shelf life

- Very attractive margins
- Easily available from your wholesaler and our webshop
- Excellent flavor
- Comprehensive support in combination with our other blender concepts

Preparation Cool Cappuccino

- Pour 100ml of milk or water in the blender for each Cool Cappuccino
- Then add 50g or 3 coffee spoons of Viareggio Cool Cappuccino powder for each Cool Cappuccino
- Finally, add 6 to 10 ice cubes for each Cool Cappuccino
- For the exclusive Baileys variant replace 20ml of milk by 20ml of Baileys
- Mix for around 35 seconds in the blender until the ice is crushed
- Present the Cool Cappuccino (for example with whipped cream and cocoa) with a straw of at least 6mm in a glass of 350ml
- You can also sell our Cool Cappuccino out of a Slush Puppy Machine
